# Welkom Welcome

50  
Denis Plants  
1975-2025

## **Beste collega,**

Welkom bij Denis-Plants, al 50 jaar een gevestigde waarde in de wereld van jongplanten uit weefselkweek.

Wat in 1975 begon als een familiebedrijf met een passie voor planten, is vandaag uitgegroeid tot een toonaangevende producent van tropische kamerplanten, vaste planten en helleborussen.

2025 markeert een bijzondere mijlpaal in onze geschiedenis: een halve eeuw vol vakmanschap, innovatie en toewijding. Die weg hebben we niet alleen afgelegd. Dankzij het harde werk van ons team én het vertrouwen van klanten en partners zoals u, zijn we geworden wie we vandaag zijn. Daarvoor willen we u van harte danken.

Ondanks de vele uitdagingen van de afgelopen jaren – waaronder wereldwijde geopolitieke spanningen en onzekerheden – zijn we blijven groeien. Meer nog: met trots stellen we u onze nieuwe catalogus voor 2026 voor, waarin u een fors uitgebreid assortiment ontdekt binnen zowel de tropische kamerplanten als vaste planten.

Ook duurzaamheid blijft voor ons geen loze belofte. Zo schakelden we recent volledig over op veenvrije pluggen, een belangrijke stap waarmee we als pionier richting geven aan een groenere toekomst.

We nodigen u uit om onze catalogus met evenveel enthousiasme te ontdekken als waarmee wij hem hebben samengesteld. Heeft u vragen of wenst u advies? Ons salesteam staat steeds voor u klaar.

Met vriendelijke groet,

Johan Vrancken

## **Dear colleague,**

Welcome to Denis-Plants, a trusted name in young plants from tissue culture for over 50 years.

What started in 1975 as a family business with a passion for plants has grown into a leading producer of tropical houseplants, perennials and hellebores.

2025 marks a special milestone in our journey: five decades of craftsmanship, innovation, and dedication. We couldn't have come this far without the hard work of our team – and the continued trust of customers and partners like you. For that, we offer our sincere thanks.

Despite the global geopolitical challenges of recent years, we've continued to grow. And today, we're proud to present our 2026 catalogue, featuring a significantly expanded selection of tropical houseplants and perennials.

Sustainability remains a core focus for us. One of our most meaningful steps this year has been the full transition to peat-free plugs – a bold move that positions us as a pioneer in more environmentally responsible production.

We invite you to explore this catalogue with the same enthusiasm and care we've poured into creating it. If you have any questions or need support, our sales team is always there to help.

Warm regards,

Johan Vrancken

# Denis-Plants and *innovation*

## INVESTEREN IN DE TOEKOMST

Maak kennis met onze nieuwste collega's: "Marie & Jean" – precisie, snelheid en innovatie in één robotpak.

In een markt waar arbeid steeds duurder en schaarser wordt, kiezen wij resoluut voor slimme automatisering. Al geruime tijd waren we op zoek naar een efficiënte oplossing om ons verspeningsproces te automatiseren. Vroege technologieën bleken vaak omslachtig: plantmateriaal moest in vaste rastervormen worden aangevoerd, waardoor een deel van de arbeidsbesparing verloren ging en extra werk ontstond in de productielab'o's. Ook transportkosten namen toe.

De introductie van de Cutting Edge door TTA bracht daar radicaal verandering in. Deze robot – uitgerust met geavanceerde vision software – werkt autonoom, flexibel en zonder de beperkingen van eerdere systemen. Een ware game-changer.

Dankzij Marie & Jean kunnen we nu sneller, nauwkeuriger en consistentere verspenen. De robot beoordeelt elk weefselplantje op grootte vóór verwerking en maakt het mogelijk om nieuwe cultivars eenvoudig toe te voegen via artificiële intelligentie. Vandaag kan al meer dan 95% van ons gamma automatisch verspeend worden – met constante kwaliteit als resultaat.

Intussen draaien twee units op volle toeren, en verdere uitbreiding ligt in het verschiet. Zo bouwen we stap voor stap aan een duurzame en schaalbare toekomst.

## INVESTING IN THE FUTURE

*Meet our newest team members: "Marie & Jean" – precision, speed, and innovation in one robotic package.*

*In today's world, where labor is increasingly scarce and costly, we are fully embracing smart automation. For quite some time, we had been searching for an efficient way to automate our transplanting process. Early solutions often fell short: plant material had to be supplied in rigid grid formats, undermining labor savings and shifting the workload to our production labs. Transportation costs also increased.*

*Enter the Cutting Edge from TTA – and everything changed. This robot, equipped with state-of-the-art vision software, operates independently and flexibly, free from the limitations of previous systems. A true game changer.*

*Thanks to Marie & Jean, we can now transplant faster, more precisely, and more consistently. Each tissue culture plantlet is assessed for plant size before handling, and with AI integration, adding new cultivars is quick and easy. Today, over 95% of our range can already be transplanted automatically, ensuring both efficiency and top-tier quality.*

*Currently, two units are up and running, and we plan to scale further in line with our growth. Step by step, we are building a more sustainable and scalable future.*

We continue investing in  
*the future*

## Algemene handels- en verkoopvoorwaarden BV DENIS-PLANTS

### Artikel 1

Huidige algemene voorwaarden zijn de enige welke toepasbaar zijn, zelfs indien de klant gebruik maakt van eigen voorwaarden. Afwijkingen van deze voorwaarden zijn slechts mogelijk mits uitdrukkelijke schriftelijke instemming.

### Artikel 2

Alle offertes zijn vrijblijvend en slechts geldig tijdens de aangegeven termijn. Bestellingen zijn slechts bindend voor BV Denis-Plants na schriftelijke bevestiging. De afgifte van een pro-forma rekening geldt niet als schriftelijke bevestiging. BV Denis-Plants behoudt zich het recht voor bestellingen te weigeren en geen verkoopovereenkomst af te sluiten wanneer de koper nog tot betaling gehouden is van één of meer reeds vervallen facturen. BV Denis-Plants behoudt zich het recht voor de aanvaarding van een bestelling afhankelijk te maken van de voorlegging door de koper van een bankgarantie of een documentair krediet of van de aanvaarding van de overeenkomst door een kredietverzekeraar. Indien door overmacht BV Denis-Plants enige overeenkomst niet of slechts gedeeltelijk kan uitvoeren, zal zij geen vergoeding verschuldigd zijn. Onder overmacht worden niet-limitatief volgende gevallen begrepen: vervoersproblemen, overheidsmaatregelen, verlies, weersomstandigheden enz. BV Denis-Plants verbindt er zich in deze omstandigheden wel toe te trachten de bestelde goederen te vervangen door gelijkaardige goederen. Indien de levering van de bestelde soorten, maten en aantallen niet mogelijk is, heeft BV Denis-Plants het recht deze door de dichtst benaderende te vervangen, ten ware anders overeengekomen werd.

### Artikel 3

De facturen zijn, behoudens andersluidend beding, contant betaalbaar zonder korting op de zetel van BV Denis-Plants. De gefactureerde bedragen zijn verschuldigd, zelfs als deze afwijken van bedragen vermeld in een offerte. Bij niet-betaling op de vervaldag wordt de schuldvordering, zonder voorafgaandelijke ingebrekestelling, geheel en onmiddellijk opeisbaar, onverminderd een conventionele rente per jaar van 10 % en een conventionele schadevergoeding van 10 % met een minimum van 125,00 euro, onverminderd iedere aansprakelijkheid van de koper voor eventueel koersverlies.

### Artikel 4

De koper wordt slechts eigenaar van de verkochte goederen nadat de koopprijs zal betaald zijn. De koper verbindt er zich toe de goederen niet te vervreemden, onroerend te maken of te verwerken alvorens volledige betaling te hebben verricht. Dit eigendomsvoorbehoud kleeft enkel aan de betreffende geleverde goederen die nog niet betaald zijn. De verkoop houdt nooit afstand in van enig intellectueel eigendomsrecht tenzij uitdrukkelijk schriftelijk anders overeengekomen.

### Artikel 5

Geen enkele klacht nopens gebreken aan de geleverde goederen of de uitvoering van de verkoopovereenkomst zal ontvankelijk zijn indien deze niet binnen 48 uur na ontvangst van de goederen wordt geformuleerd. Ieder protest dient binnen de 8 dagen na ontvangst van de goederen of bij voorafgaande facturatie binnen de 8 dagen na ontvangst ervan, per aangetekend schrijven bevestigd te worden. Welkdanig gebrek aan het geleverde levert aan de koper geen ander recht dan de vervanging ervan, t.t.z. de aansprakelijkheid van BV Denis-Plants is beperkt tot levering van het vervangend product, zonder welkdanige andere vergoeding uit welken hoofde ook lastens BV Denis-Plants te kunnen eisen.

### Artikel 6

Het vervoer van de verkochte goederen geschiedt, behoudens andersluidende voorafgaandelijke overeenkomst, steeds voor rekening van en op risico van de koper. Behoudens andersluidende voorafgaandelijke overeenkomst, worden alle goederen afgehaald op de zetel van de verkoper. Tenzij de verkoper aanvaard heeft zelf voor het vervoer van de verkochte goederen in te staan of te laten gebeuren, draagt de verkoper nooit enige verantwoordelijkheid voor het transport of levering bij de koper of derden. Bij vertraging van levering door de verkoper zal de koper nooit recht hebben op enige schadevergoeding. De verpakkingskosten en andere voorgeschoten kosten worden aangerekend tegen kostprijs en tegen rembours genomen.

### Artikel 7

Door het plaatsen van en bestelling stemt de klant er mee in dat BV Denis-Plants alle medegeelde gegevens van de klant mag opslaan en gebruiken conform de GDPR regelgeving.

### Artikel 8

Alle overeenkomsten en handelsrelaties worden beheerst door het Belgisch recht. Alle betwistingen dienen beoordeeld te worden door de bevoegde rechtbanken te Gent.

## General Terms and Conditions of Trade and Sales BV DENIS-PLANTS

### Article 1

Present general terms and conditions are the only ones that are applicable, even if the customer uses his own terms and conditions. Derogations from the present terms and conditions are only possible with explicit written consent.

### Article 2

No offer is binding and offers are only valid during the indicated period. Orders are only binding for BV Denis-Plants after written confirmation. The issue of a pro forma invoice does not have the value of a written confirmation. BV Denis-Plants reserves the right to refuse orders and not to conclude a sales agreement if the buyer is still liable to pay one or more already expired invoices. BV Denis-Plants reserves the right to make the acceptance of an order dependent on the buyer's submission of a bank guarantee or documentary credit or the acceptance of the agreement by a credit insurer. If by force majeure BV Denis-Plants cannot execute wholly or only partially any agreement, it will not be liable to pay any compensation. Force majeure includes non-exhaustive following cases: transport problems, government measures, loss, weather conditions etc. In these circumstances BV Denis-Plants undertakes to try to replace the ordered goods with similar goods. If delivery of the ordered types, sizes and quantities is not possible, BV Denis-Plants has the right to replace it by the nearest approximate, unless otherwise agreed.

### Article 3

The invoices are, unless otherwise agreed, payable in cash without discount at the registered office of BV Denis-Plants. The invoiced amounts are due even if they deviate from the amounts stated in an offer. In the event of non-payment on the due date, the claim will be due and payable in full and immediately, without prior notice of default, notwithstanding a conventional interest of 10% per year and a conventional compensation of 10% with a minimum of 125,00 euros, without prejudice to any liability on the part of the buyer for any currency exchange loss.

### Article 4

The buyer only becomes the owner of the goods sold after the purchase price has been paid. The buyer undertakes not to alienate the goods, to transform them into real property or to process them before full payment has been made. This retention of title only applies to the delivered goods that have not yet been paid. The sale never implies a waiver of any intellectual property rights unless expressly otherwise agreed in writing.

### Article 5

No complaint regarding defaults in the delivered goods or the execution of the sales agreement will be acceptable if it is not formulated within 48 hours of receipt of the goods. Every protest must be confirmed by registered letter within 8 days of receipt of the goods or in the event of a previous invoice within 8 days of receipt thereof. Any default in the delivered goods does not give the buyer any other right than the replacement thereof, i.e. the liability of BV Denis-Plants is limited to the delivery of the replacement product, whereby no other compensation can be claimed from BV Denis-Plants.

### Article 6

The transport of the sold goods is, unless otherwise agreed in advance, always at the risk and expense of the buyer. Unless otherwise agreed, all goods are collected at the seller's head office. Unless the seller has accepted to take care of the transport of the sold goods or to have them done, the seller never bears any responsibility for the transport or delivery to the buyer or third parties. In case of delay of delivery by the seller, the buyer will never be entitled to any compensation. The packaging costs and other advanced costs are charged at cost price and cash on delivery.

### Article 7

By placing an order, the customer agrees that BV Denis-Plants may register and use all the data provided by the customer in accordance with the GDPR regulations.

### Article 8

All agreements and trade relations are governed by Belgian law. All disputes must be judged by the competent courts in Gent.
